

STRIPE-OFF™

Striping Paint Overspray Release

Stops the bonding of quick-drying, water or solvent borne, thermoplastic or epoxy striping paints to your equipment!

With **STRIPE-OFF™** you stripe more and clean up less!!

With **STRIPE-OFF™** you get cleaner, crisper lines!!

With **STRIPE-OFF™** you simply flush off paint overspray!!

As D.O.T.'s, Municipalities, and Private Striping Contractors utilize technologically advanced paints and state of the art striping equipment, more and more man-hours are being spent trying to scrape and remove paint deposits that have permanently bonded to your equipment, stencils and even concrete.

Thus, **RHOMAR** developed **STRIPE-OFF™** Striping Paint Overspray Release! Prior to striping, simply apply **STRIPE-OFF™** to your equipment, **anywhere you might get paint accumulations** and at the end of the day, cleanup is a breeze.

Apply new **STRIPE-OFF™** to your expensive striping equipment, outriggers, gun packs and stencils and receive the following benefits:

- **STOPS BONDING** - of quick-drying, water or solvent borne thermoplastic, and epoxy based paints!
- **KEEPS** - your striping vehicles, outriggers, gun packs and stencils looking like new!
- **NO "FISHEYES"** - contains absolutely no silicones!
- **CLINGS** - to vertical, horizontal or oblong surfaces!
- **EASY CLEANUP** - simply flush or wipe off striping paint overspray accumulations!
- **EXTREMELY VERSATILE** - also keeps asphalt and road oils from bonding to equipment, barrels, cones and barricades!

You owe it to yourself to experience the remarkable results of new **STRIPE-OFF™** in your operation.

Simply put, it works where others fail!

FREQUENTLY ASKED QUESTIONS ABOUT NEW STRIPE-OFF™

STRIPE-OFF™ keeps your nozzles clean, producing extra crisp and sharp lines!

STRIPE-OFF™ keeps paint overspray off your expensive equipment!

STRIPE-OFF™ is perfect for eliminating paint overspray from your **stencils!**

STRIPE-OFF™ keeps your gun packs, nozzles, trucks, wheels and tires looking brand new!

Why do I need **STRIPE-OFF™**?

STRIPE-OFF™ keeps paint buildup from bonding to your expensive striping equipment and stencils during striping operations. This allows you to focus on doing the job, instead of worrying where your paint overspray goes.

What kind of striping paint will **STRIPE-OFF™** release?

STRIPE-OFF™ is effective at preventing all quick drying, water borne, solvent borne, thermoplastic or epoxy paints from bonding!

Where can I use **STRIPE-OFF™**?

STRIPE-OFF™ is absolutely remarkable at preventing paint from bonding to the following:

Expensive Striping Equipment

- Striping Vehicle Wheels.
- Outriggers.
- Gun Packs.
- Nozzles.
- Traffic Cones and Barricades.

For Improved Detailing Work

- Curbs and Gutters.
- Security Barriers.
- Garage Doors and Trim.
- Handicap Ramps.
- Retaining Walls.

How does **STRIPE-OFF™** work on stencils?

STRIPE-OFF™ does a terrific job at keeping your stencils looking and performing like new without spending your time scraping, grinding or soaking them in strippers!

Where else can I use **STRIPE-OFF™**?

STRIPE-OFF™ is also remarkable at keeping asphalt and road oils from bonding and discoloring metal, concrete or plastic!

Does **STRIPE-OFF™** cause "fisheyes"?

STRIPE-OFF™ absolutely contains no silicone to cause frustrating "fisheyes!"

Is **STRIPE-OFF™** safe?

STRIPE-OFF™ is totally safe! It only contains food grade ingredients.

How difficult is clean up with **STRIPE-OFF™**?

IT'S NOT! **STRIPE-OFF™** is designed to allow paint overspray to accumulate but never bond to the surface. This allows you to determine when you need to remove the paint accumulations. Simply pressure wash or scrape the accumulations and watch them miraculously fall off, leaving behind a clean surface!
