

CONCENTRATED FORMULA!

# ENVIRO-SLIDE® Ultra

The "Never-Stick" Asphalt Release Agent

## NEW ASPHALT RELEASE TECHNOLOGY SOLVES YOUR SAFETY AND ADHESION PROBLEMS!

**NEW!**

SLIDE-A-MATIC™

Ask how you can get **RHOMAR's** new **SLIDE-A-MATIC™** Automated Spray System absolutely free! It's the perfect complement to **ENVIRO-SLIDE® Ultra**!

**Major Asphalt Contractors and Producers** are tired of experiencing the following problems when hauling or laying asphalt: Frustrating adhesion, evaporating release agents, damaged mats, EPA fines, asphalt on pneumatic tires and sticky buildup on shovels, rakes and tools.

All other solutions simply fall short of the goal. Diesel fuel, soy and solvents dissolve the mat and strip the oils from your aggregate, while soap based products simply can't handle today's super-sticky high PG asphalt mixes.

Thus, RHOMAR developed new **ENVIRO-SLIDE® Ultra**, the "Never Stick" Asphalt Release Agent. **ENVIRO-SLIDE® Ultra** has been proven effective on job sites run by DOT's, DPW's, Asphalt Contractors and Asphalt Producers nationwide. **ENVIRO-SLIDE® Ultra** absolutely solves the above problems and offers you the following benefits:

- ✓ **NO ANNOYING DELAYS** - due to cleanup or reweighing caused by asphalt adhesion!
- ✓ **RELEASES ALL ASPHALT MIXES** - from regular HMA to the super-sticky SUPERPAVE mixes like SMA, OGFC or Polymer Modifieds!
- ✓ **LOWER YOUR COST PER TON** - with the concentrated formula and automated application. Ask how you can get the new **SLIDE-A-MATIC™** Automated Spray System absolutely **free!**
- ✓ **INSPECTOR FRIENDLY** - safe for use on all state and federal projects!
- ✓ **SIMPLE APPLICATION** - use **RHOMAR's SLIDE-A-MATIC™** Automated Spray System or with any stationary or drive-through system!

Release it all with **ENVIRO-SLIDE® Ultra**  
Regular HMA, Crumb Rubber,  
Polymer Modifieds  
and SUPERPAVE mixes like  
SMA and OGFC!  
(guaranteed)

**RELEASES ALL ASPHALT MIXES**  
**INSPECTOR FRIENDLY**  
**LOWERS YOUR COST PER TON**

Customer comments about **ENVIRO-SLIDE® Ultra:**

We have been using ENVIRO-SLIDE Ultra for about a year now and I can say with certainty that we won't be using anything else. Your product works on everything! We used other products in the past that only worked on some mixes and not others. I would hear nothing but whining whenever we carried a polymer modified mix...

J. P.  
Owner

Recently I took advantage of the free SLIDE-A-MATIC deal you offered and wanted to take time to say thank you. Not only does it work as advertised, it was easy to set up and simple to use.

B. L.  
Owner

Asphalt plants with stationary or drive-through systems absolutely love **ENVIRO-SLIDE® Ultra**, because it releases all HMA mixes even those super-sticky polymer modifieds!

Use **ENVIRO-SLIDE® Ultra** in your operation and eliminate time-consuming, manual clean-up of your truck bed!

**ENVIRO-SLIDE® Ultra** is also perfect for use on your rubber or metal compactor drums to prevent sticking!
