SECTION 4: FIRST-AID MEASURES

First Aid Measures

Inhalation: Remove victim to fresh air. If breathing is difficult or irritation persists, get medical attention.
Eye Contact: Flush victim’s eyes with large quantities of water, while holding the eyelids apart. Get medical attention if irritation occurs and persist.
Ingestion: Do not induce vomiting. Rinse mouth with water and give one glass of water to drink. Never give anything by mouth to an unconscious or convulsing person. Get medical attention if symptoms develop.
Skin Contact: Wash skin thoroughly with soap and water. Get medical attention if irritation develops. Remove and launder clothing before use.

Most Important Symptoms and Effects, both Acute and Delayed
Symptoms
May cause slight eye and skin irritation.

Indication of any Immediate Medical Attention and Special Treatment Needed
Immediate medical attention is not required.

SECTION 5: FIRE-FIGHTING MEASURES

Suitable Extinguishing Media
Use media appropriate for surrounding fire. Cool fire exposed containers and structures with water.

Unsuitable Extinguishing Media
Not determined.

Specific Hazards Arising from the Chemical
Thermal decomposition may yield oxides of carbon and other harmful or irritating chemicals.

Protective Equipment and Precautions for Firefighters
Firefighters should wear positive pressure self-contained breathing apparatus and full protective clothing. Aqueous solutions may cause surfaces to be extremely slippery and cause a slip hazard.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures

Personal Precautions
Wear appropriate protective clothing as described in Section 8. Wash thoroughly after handling.

Methods and Material for Containment and Cleaning Up
Dike and collect liquid or absorb with an inert absorbent and place in appropriate containers for disposal. Flush spill area with water. Report releases as required by local, state, and federal authorities.

SECTION 7: HANDLING AND STORAGE

Precautions for Safe Handling
Advice on Safe Handling
Avoid contact with the eyes, skin, and clothing. Avoid breathing mist. Wear protective clothing and equipment as described in Section 8. Wash thoroughly with soap and water after handling. Keep containers closed when not in use.

Conditions for Safe Storage, Including any Incompatibilities
Storage Conditions
Store in cool, dry, well-ventilated area away from incompatible materials. Product may be corrosive to some metals.

Appropriate Engineering Controls

Engineering Controls: Use with adequate general ventilation to minimize exposures.
Individual Protection Measures, such as Personal Protective Equipment

Eye/Face Protection: Safety glasses recommended.
Skin and Body Protection: Wear impervious gloves such as rubber or neoprene if needed to avoid prolonged skin contact.
Respiratory Protection: In operations where exposure levels are excessive, a NIOSH approved respirator with dust/mist cartridges or supplies air respirator appropriate for the form and concentration of the contaminants should be used. Selection and use of respiratory equipment must be in accordance with OSHA 1910.134 and good industrial hygiene practice.
Other: Long-sleeved clothing and long pants recommended to avoid prolonged skin contact. Suitable washing facilities should be available in the work area.
