

RHOMAR

ARMOUR-SEAL™

Chassis, Frame & Component Encapsulant

DESCRIPTION: ARMOUR-SEAL™ is an environmentally friendly, haps-free and low VOC, rubberized chassis encapsulant. ARMOUR-SEAL™ offers remarkable protection from abrasion and corrosion from aggressive salts & chlorides that eat away at your vehicles chassis, frames, and components.

AREAS OF USAGE: Apply to the frames of public works vehicles that deice roadways, school buses, and any other transportation vehicles that you want to protect. ARMOUR-SEAL™ is also excellent at protecting and preserving agricultural and fertilizer equipment from damaging rust and corrosion.

APPLICATION: Always manually wash or pressure wash with NEUTRO-WASH™ salt and chloride remover to prepare chassis surface for application of ARMOUR-SEAL™. When dry simply apply with ARMOUR-SEAL's PISTOL-GRIP spray gun at a 10-15 wft (wet film thickness) and at 40+ psi. Always apply above 50°F to a dry and debris free surface.

DRY TIME: Dries to the touch in 30-60 minutes and fully cures in 24-48 hours.

- **ULTIMATE CHASSIS PROTECTION - From aggressive and corrosive salts!**
- **PRESERVES - Your trade-in values!**
- **NO OBNOXIOUS ODOR - Easily applied in your own shop!**
- **HAPS FREE - Contains no solvents!**
- **NO VOC's - Environmentally Friendly!**
