

TAGSTER™

Graffiti Emulsifier and Remover

DESCRIPTION: TAGSTER™ is designed specifically to eradicate graffiti and tagging problems encountered by State, County, Municipal and Provincial Public Works and D.O.T.'s. TAGSTER™ gives you ammunition against vandals that leave distasteful marks and overspray on equipment, vehicles, signs, bridges, and buildings. TAGSTER™'s unique re-emulsification process will quickly liquify even the toughest graffiti. TAGSTER™ works just as well on other forms of graffiti, such as inks, correction fluid, crayons, dyes, markers, grease pens, lipstick, etc.

USES: TAGSTER™ is your solution to graffiti and tagging in municipalities, schools and all other facilities. TAGSTER™ may be safely used on metals, concrete, brick, glass, most plastics, wood and even trees. Wherever and whenever vandals and /or taggers attack, you can now Fight Back with TAGSTER™.

METHOD OF APPLICATION: Always apply TAGSTER™ to a dry surface, as water will deactivate TAGSTER™. Spray, brush, roll or pour TAGSTER™ directly onto graffiti or apply to a clean cloth and then apply to graffiti.

APPLICATION OF TAGSTER™: Shake well before using. Apply TAGSTER™ and then agitate with cloth, sponge, or stiff bristle brush. Most graffiti will re-liquify within seconds to minutes. Immediately rinse the surface with water to deactivate any TAGSTER™ residue. Wipe clean with paper towel or dry rag.

- **RAPIDLY REMOVES** - Graffiti and tagging obscenities!
- **BIODEGRADABLE** - Safe on the Environment!
- **GELLED** - Will not run down vertical surfaces!
- **HEARTBREAKER** - To vandals and taggers!
- **SIMPLY PUT** - It Works!

APPLICATION HELP: For questions regarding difficult to remove graffiti, please call one of Rhomar's helpful customer service representatives. Remember to always test TAGSTER™ in an inconspicuous area prior to application, as TAGSTER™ may remove paint underlying graffiti or tagging.

WARNING

HAZARDS IDENTIFICATION: Combustible liquid. Causes serious eye irritation.

PRECAUTION:

Keep away from heat, sparks, open flames, and hot surfaces. No smoking. Wash skin thoroughly after handling. Always wear protective gloves, eye protection and face protection. Keep out of the reach of children.

RESPONSE:

EYES: Rinse cautiously with water for several minutes. Remove contact lenses and continue rinsing. If eye irritation persists, call physician.

SKIN: Wash with plenty of soap and water. DMSO readily penetrates the skin and may carry other dissolved chemicals into the body. Take off contaminated clothing and wash before reuse.

INGESTION: Rinse mouth. Call physician if you feel unwell.

STORAGE: Store in well ventilated place. Keep cool.

CONTAINS: Diethylene glycol monobutyl ether, Dimethyl sulfoxide, Synthetic Amorphous Pyrogenic Silica.

DISPOSAL: Dispose of contents and container in accordance with Local, Regional, National and International regulations.

The recommendations and statements contained herein for use of our products are based on reliable tests, but are not construed as guarantee or warranty either expressed or implied. RHOMAR Industries, Inc. will not be held liable under any circumstances or conditions; either expressed or implied damage in excess of the purchase price of product.
