

RHOMA-LIFT™

Dual-Action Lift Station Encapsulant

DESCRIPTION: RHOMA-LIFT™ was developed specifically for municipal and industrial sewer and wastewater departments to solve lift station problems. RHOMA-LIFT™ is a superior, safe and remarkably effective alternative to the hazardous petroleum based or expensive citrus based lift station cleaners.

USES: RHOMA-LIFT™ is environmentally responsible and can be used for odor and grease control in lift stations, wet wells and holding tanks. RHOMA-LIFT™ encapsulates oxygen deprived anaerobic odors and dissolves fats, oil and grease (FOG), then leaves a refreshing grape fragrance.

APPLICATION: Pour or spray RHOMA-LIFT™ into the lift station at the rate of approximately ¼ to ½ gallon per square feet of water surface. Approximately six (6) inches of RHOMA-LIFT™ on top of the water will provide several months of grease and odor control. Simply pour it in and watch it float and go to work.

- **DISSOLVES** - Floating scum layer & grease balls!
- **PREVENTS** - Float & pump operational malfunctions!
- **GRAPE FRAGRANCE** - Eliminates gaseous odors & negative PR!
- **LESS EXPENSIVE & SAFER** - Than citrus or hazardous solvents!
- **SIMPLY PUT, IT WORKS!!**

NET CONTENTS: 55 Gallons

WARNING

HAZARDS IDENTIFICATION:

Combustible liquid. Causes skin irritation. Causes eye irritation.

PREVENTION:

Keep away from flames and hot surfaces. No smoking. Wear gloves and safety glasses as needed. Wash thoroughly after handling.

RESPONSE:

In Case of Fire: Use carbon dioxide, dry chemical, foam or water spray.

SKIN: Wash with plenty of soap and water. If irritation occurs get medical advice/attention. Wash contaminated clothing before reuse.

EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation occurs.

INGESTION: Call a Poison Center or doctor/physician if you feel unwell.

STORAGE: Store in a cool, dry, and well ventilated area away from direct sunlight and any incompatible materials.

DISPOSAL: Dispose of contents and container to an approved waste treatment and disposal facility in accordance with applicable laws and regulations and product characteristics at time of disposal.

The recommendations and statements contained herein for use of our products are based on reliable tests, but are not construed as guarantee or warranty either expressed or implied. RHOMAR Industries, Inc. will not be held liable under any circumstances or conditions; either expressed or implied damage in excess of the purchase price of product.
