# SHIMMER-n-SHINE™

Vehicle/Fleet Wash and Wax

**NO MORE DULL, FADED OR BLEACHED OUT  
VEHICLE FINISHES IN YOUR FLEET!**

**NEW!**

Small fleets or large fleets, the product of choice is **SHIMMER-n-SHINE™**!

Many caustic wash bay cleaning compounds remove the road film, but aggressively dull, fade or bleach out your vehicles finish, causing it to lose its original luster.

Thus, **RHOMAR** developed amazing new **SHIMMER-n-SHINE™** Vehicle/Fleet Wash and Wax. Now you can get your fleet of vehicles clean, plus leave them with a shine that says you care about your equipment and the work you do.

Keep a neat fleet, use **SHIMMER-n-SHINE™** in your wash bay and enjoy the following benefits

- ✓ **REJUVENATES** - dull, faded finishes of older vehicles!
- ✓ **PROTECTS** - the luster of that original new vehicle look!
- ✓ **AMAZING** - if you're hand washing or pressure washing!
- ✓ **DISSOLVES** - magnetized road film from all fleet vehicles!
- ✓ **GREAT SUDSING AND FREE RINSING** - leaves no streaking or film residue, while reducing hard water spots.
- ✓ **VERSATILE** - great for public works, fire trucks, emergency vehicles, police cars, or school bus fleets.

- ⇒ Transit Authorities
- ⇒ School Bus Barns
- ⇒ Utility Companies

- ⇒ Fire Departments
- ⇒ EMS
- ⇒ Police/Sheriff Departments

## FREQUENTLY ASKED QUESTIONS BY PEOPLE INTERESTED IN PURCHASING NEW SHIMMER-n-SHINE™!

### 1. What makes **SHIMMER-n-SHINE™** different from the soap I'm using now?

Most cleaning compounds used today are caustic, and extremely aggressive at removing dirt and oil, but they are also aggressive to the paint and finish of your vehicle. What ends up happening is your vehicle is clean, but it's also dulled, faded or bleached out. New **SHIMMER-n-SHINE™** is different in that it cleans just as well as any caustic soap compound, but it leaves your vehicle with a shine! The vehicle paint looks better, the chrome looks better, and the wheels look better, all without a lot of effort!

### 2. Why is **SHIMMER-n-SHINE™** able to leave behind a shine when soap cannot?

After new **SHIMMER-n-SHINE™** thoroughly cleans your vehicle, it leaves behind a unique molecular finish that works to protect new vehicle finishes, rejuvenate old vehicle finishes, and make chrome shine and wheels sparkle.

### 3. How is **SHIMMER-n-SHINE™** applied?

**SHIMMER-n-SHINE™** can be applied just like you would when you use an ordinary soap cleaning compound. Either through your wash bay system, your pressure washer, with **RHOMAR's "Big Mouth" Public Works Applicator** or simply by hand.

### 4. Will my fleet really get a compliment if I use new **SHIMMER-n-SHINE™** in my operation?

We really can't guarantee it, people are much quicker to complain than compliment. What we can guarantee is, that by using **SHIMMER-n-SHINE™** on your fleet of vehicles, they will look better, improve your public image and subtly tell people you care about your equipment and the work you do.

## WHAT CUSTOMERS ARE SAYING ABOUT SHIMMER-n-SHINE™!

...when we washed our trucks with just soap, they ended up clean, but dull. Since we started using **SHIMMER-n-SHINE™** our trucks are not only clean, they now look like we took the time to shine them up! We even got a compliment from our Mayor...

Ernie Jones  
Fleet Maintenance Manager

...our fleet looks great. I was really surprised how good our older vehicles looked after using your product **SHIMMER-n-SHINE™**... I'll be ordering again soon.

Kenneth Easterling  
Director of Public Works

...**SHIMMER-n-SHINE™** keeps our buses looking clean and shiny. We really like the fact that it involves no extra work...

Phil Doran  
Bus Garage ISD 12

...we demand that our Officers look their best when in the field, the same goes for our equipment. Your **SHIMMER-n-SHINE™** makes my patrol cars sparkle... Thank you.

Sheriff Frank Busby
