

LUBRA-SEAL®

Spreader Chain & Box Encapsulant

DESCRIPTION: LUBRA-SEAL® is an outstanding encapsulant fortified with both E. P. additives for superior lubrication and hard film corrosion protection of V-Box and tailgate salt spreaders. LUBRA-SEAL® is necessary to prevent corrosion on the interior of the boxes and to prevent seizure of movable components, such as roller chains, augers, quick disconnects, and adjusters.

PREPARATION OF EQUIPMENT: Always clean and neutralize existing salt residue by applying RHOMAR'S NEUTRO-WASH™ Salt & Chloride Neutralizer, then rinse and let completely dry before applying LUBRA-SEAL®.

METHOD OF APPLICATION: Always use RHOMAR'S 3-gallon metal LUBRA-SEAL® Applicator. DO NOT USE A GARDEN TYPE SPRAYER.

SPRING APPLICATION OF LUBRA-SEAL®: After removing your equipment and thoroughly cleaning your spreaders with NEUTRO-WASH™, let them air dry completely. ALWAYS APPLY LUBRA-SEAL® TO A COMPLETELY DRY SURFACE. With the hydraulics hooked up and chains rotating, apply LUBRA-SEAL® to the chains first. Then apply LUBRA-SEAL® to the interior of the box, quick disconnects, and other components.

FALL APPLICATION OF LUBRA-SEAL®: After your preseason startup of salt spreaders, apply a light coat of LUBRA-SEAL® to the chains and augers. The outside coating will abrade off with usage, however, the polymerized moly lubricant will protect internal chain and auger parts all winter long.

REMOVAL AND CLEAN UP OF LUBRA-SEAL®: To remove LUBRA-SEAL® overspray or to clean sprayers, use RHOMAR'S RHOMA-SOL™ environmentally friendly degreaser.

COVERAGE OF LUBRA-SEAL®: V-Bottom spreaders will take between 4–8 quarts to properly treat a spreader. Tailgate spreaders take 1–2 quarts.

OTHER EQUIPMENT APPLICATION: LUBRA-SEAL® is great on fertilizer or herbicide equipment, or any equipment with chains, such as beach rakes, street sweepers, manure spreaders, etc...

- **ELIMINATES** - Frozen & broken spreader chains!
- **ENCAPSULATES** - Spreader box, augers & chains!
- **LUBRICATES** - All movable spreader components!
- **SEALS** - Spreaders for summer storage!
- **SIMPLY PUT, IT WORKS!!**

NET CONTENTS: 6 Gallons

WARNING

HAZARDS IDENTIFICATION:

Flammable liquid and vapor. Causes skin irritation. Causes eye irritation. May cause damage to organs through prolonged or repeated exposure.

PREVENTION:

Keep away from heat, sparks and open flames. No smoking. Keep container tightly closed. Do not breathe mist or spray. Wash exposed areas thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection and face protection.

RESPONSE:

IF ON SKIN (or hair): Immediately take off all contaminated clothing. Rinse skin with water or shower.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

If SWALLOWED: DO NOT induce vomiting. Get medical advice/attention if you feel unwell.

IN CASE OF FIRE: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide for extinction. DO NOT use stream/jet of water as this will spread fire.

STORAGE:

Store in a cool, well-ventilated place.

DISPOSAL:

Dispose of contents and container in accordance with local, regional, national and international regulations.
