RHOMA-LIFT™

Floating Lift Station Degreaser

Commodity Code: Floating Lift Station Degreaser.

Application: Pour or spray into lift station, wet well.

Description: RHOMA-LIFT™ was developed specifically for municipal and industrial sewer and wastewater departments to solve frustrating odor and grease control problems found in lift stations, wet wells and holding tanks. The dual-action formula in RHOMA-LIFT™ first encapsulates the oxygen deprived anaerobic odors and dissolves the fats, oils and grease, leaving behind a refreshing grape scent.

Packaged: 5-Gallon Pails and 55-Gallon Containers.

Product Code: RH-730-05 and RH-730-55

RHOMA-LIFT™ was developed by and sold exclusively by Rhomar Industries, Inc.

Technical Specifications

Flash Point: >175° F

Boiling Point: 374 - 664° F

Viscosity: Sprayable

Specific Gravity: = .90

Odor: Grape

Solubility: Not Soluble

Color: Purple
