

# RHOMA-LIFT™

## Floating Lift Station Degreaser

Reduces Lift Station Problems Caused By FOG

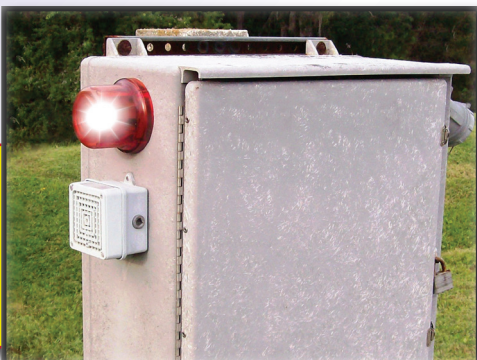

### PROBLEMS

GREASE BALLS & HEAVY ACCUMULATION OF FOG

NASTY ODORS LEADING TO CITIZEN COMPLAINTS

HIGH LEVEL ALARMS/MECHANICAL FAILURE OF LIFT STATIONS

### SOLUTION

### BENEFITS

-  **FLOATS ON THE SURFACE**  
Cleaning the walls and floats in your wet wells with the rise and fall of the wastewater levels!
-  **FAST ACTING**  
Destroys FOG (fats, oils & grease) providing you trouble-free lift station operation!
-  **ELIMINATES ODORS**  
By creating an odor absorbing floating cap while leaving a pleasant grape scent!
-  **100% NATURAL FORMULA**  
Will not interfere with BOD levels, pH balance or kill good bacteria in your wastewater system!
-  **REDUCED EMERGENCY CALLS**  
From problems caused by FOG in wet wells!

# FAQ about RHOMA-LIFT™

## 1. How much RHOMA-LIFT™ will I need?

It is recommended to keep a minimum 1-2" layer of RHOMA-LIFT™ at all times for optimal results. Use the handy chart below to determine how much RHOMA-LIFT™ you will need.

Wet Well Diameter (Vertical Cylinder)	1½" floating coverage
8'	50 gallons
10'	75 gallons
12'	105 gallons
14'	145 gallons

## 2. How often do I need to apply RHOMA-LIFT™ to my lift station?

After you get the FOG under control, it is recommended you top off the RHOMA-LIFT™ every 3 to 6 months to maintain the 1-2" floating layer.

## 3. How do I apply RHOMA-LIFT™?

Pour RHOMA-LIFT™ directly into the wet well or into the nearest access point to the lift station.

## 4. What does RHOMA-LIFT™ look and smell like?

RHOMA-LIFT™ is fluorescent purple to help you see the floating layer and has a pleasant grape scent to eliminate any odor complaints.

## Additional Sewer Maintenance Products

### Snake-It™ The Ultimate Sewer Opener

Powerful granular "Aluminum Needles" cut through the toughest wipes, FOG and tree roots. No need for jetting!

### RHOMA-SWEET™ Grape Sewer Sweetener

Eliminates nasty sewer odor from sewer mains or sewer overflows. Not a cover-up. Destroys odor at the molecular level. Eliminates citizen complaints.
